### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- On page 2 of the Specification, line 5 under the heading "BRIEF DESCRIPTION OF THE DRAWINGS", "4 and 5" should be changed to ---6 and 7---.

The following is an examiner's statement of reasons for allowance:

Claims 17-31 are allowable over the prior art of record because the prior art of record does not teach or fairly suggest the entire combination of elements set forth including a groove, a hollow space and engine coupled to the groove and a friction safety clutch as set forth in claims 17 and 25.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
